FYI - I followed up but didn't hear back from MT Public Radio for an interview regarding the CFAC meetings next week.

I can work to get a green light from HQ OPA, emphasizing the primary message as advertising the meeting(s), but I could use 3-4 bullets that will frame content for the interview. I know Mike has covered this with others, but is a full "preview"/ interview on data and findings something that you both want to accommodate?

FYI - [Nicky Ouellette](#) 603-568-6155 with MT Public Radio would like to do a preview interview/story with Mike about the CFAC site and initial data and summary report before our meetings next week. We could use this coverage to advertise the public meetings next week but we may need to develop some additional talking points.

Can we can make this happen? Nicky is leaving for Iceland Friday and would like to do the radio interview before Thu. COB. If not and we can make it Fri. she can have another journalist do the interview.

I let her know that it was short timing and I didn't know if we could make her deadline. I can follow up with Nicky either way. Thanks!
